

DIDSBURY PRAYER CHALLENGE

The greatest difference we can make is to involve GOD

Calling on His name and following His directives is the recipe for sanctuary

Pray that leadership would operate according to the principle of
taking your neighbours' best interests into account.

There would be a balanced budget with minimal government and low taxation pillaging so that the dollars and a significant amount of the decision making would be left in the hands of the citizens

There would be an independent local vision for the community rather than a statist globalist agenda
sustaining the bureaucratic establishment

There would be a spirit of service and ministry

There would be bylaws that honour and protect citizen's constitutional freedoms according to
the rule of law and the supremacy of God

There would be transparent and comprehensive communication

Councillors and administration would have wisdom & courage in defending
the community's interests and freedoms

There would be the establishment of a local police commission

There would be the establishment of a local health plan that would include
preventative, natural, home and local hospital care

There would be a strengthening of the utilities infrastructure

The local council would not be handcuffed by administrative policy or political correctness

The grant structure of funding would be replaced by a funding formula

Properties that have been abandoned will become productive

There would be minimal interference and costs in regards to development

The chamber of commerce would be unified

New residents and business would be welcomed and supported

Elections would be conducted so that voters are confident in the results
